HERITAGE WINDOW COLLECTION

When it comes to selecting the right products to enhance and protect your home, you want to be sure you're making the right choice. Beautiful, stylish, expertly made, our PVC-U Flush Chamfered Sash windows and doors strike the perfect balance between energy efficiency, security and design.

SO WHICH IS THE RIGHT FIT FOR YOUR HOME?

F

FLUSH SASH

Flush casement windows are characterised by openers that close into the frame and finish flush with the face of the window to replicate timber style windows.

C

CHAMFERED SASH

The Chamfered features outward opening sashes, which stand proud of the face of the window frame and looks sharp yet subtle.

What makes our windows so unique?

HERITAGE WINDOW COLLECTION

BY SAPPHIRE WINDOWS

STYLE

The Heritage Window and Door Collection combines the elegance and styling of traditional timber windows with all the benefits of PVC. They are virtually maintenance free, keeping the warmth in and unwelcome visitors out..

The collection is ideal for period properties and for those who want to add or restore character to their homes. With unique, unrivalled, aesthetics and sympathetic symmetrical design, a Heritage window or door will give a property perfect balance and harmony.

SECURITY

There's no compromise when it comes to security. The bespoke locking keep has a useful night vent locking position and also helps to achieve enhanced security accreditation PAS24, a British Standard all of our Heritage products have achieved. Furthermore, all Heritage windows and doors can carry the Secured By Design badge of approval. Secured By Design is the a national UK crime prevention initiative, which helps protect you and your property for complete peace of mind.

Our wide range of modern, contemporary and period style windows incorporate the latest built-in safety features, including internal glazing beads and multi point locking systems.

To provide enhanced resistance to forced entry our windows can be fitted with a hinge protector device between the frame and the sash opener. For doors the latest anti-bump, anti-snap, key locking cylinders can also be installed to further enhance performance.

PERFORMANCE

To keep out the wind and rain we use our patented high performance, multifunctional weatherseals. The airtight seal this creates helps to maintain your comfort inside your home.

The Flush Sash dual seal is exceptionally watertight, with the added benefit of concealing any hardware. Any water that has found its way inside is quickly evacuated due to the intelligently designed integral drainage gutter.

CONSERVATION

Our Heritage Flush and Chamfered Sash windows look great in any surrounding, from country cottages to modern townhouses. Their subtle charm and elegance will transform your home.

If you live in a Conservation Area, home improvements such as replacing your windows and doors will require planning consent as there are strict guidelines to ensure that architectural features are preserved.

We have designed the Heritage Window Collection with this in mind; replicating the appearance and style of traditional timber windows with features such as our authentic Wood Grain Finish, Monkey Tail Handles and Georgian Bar options. However, you should always obtain consent from a planning/conservation officer before proceeding with an installation.

FLUSH SASH WINDOW

Designed to replicate the appearance of timber, Flush Sash windows are distinguished by sashes that close into the frame and finish flush with the face of the window. Flush Sash windows typically have frames that appear the same width, known as 'equal sightlines' this look is achieved using dummy sashes, something that undoubtedly improves the overall appearance of your property.

CHAMFERED SASH WINDOW

Chamfered Sash windows feature outward opening sashes which stand proud of the face of the window frame and are the more typical style used in homes you see today. For that period property look the Chamfered Sash window can also feature a dummy sash. This simple but effective upgrade to achieve 'equal sightlines' can really enhance the beauty of your home. See Page 42.

FLUSH SASH

BY SAPPHIRE WINDOWS

Heritage Flush Sash windows look great in any surrounding; modern townhouse or country cottage. They will retain their elegance while still functioning as a high quality window for many years to come.

Super Efficient

Compared with aluminium or wood, PVC-U windows are low maintenance, have better insulation values and are able to reduce energy and heating costs.

Perfect for Conservation

Flush external contours are in keeping with period properties and also meet the requirements of most conservation area officers. *Check with your planning/conservation officer.

Sound-Proof

Glazing options to maximise energy efficiency and/or sound proofing.

Safe and Secure

For total peace of mind, our Heritage Flush Sash windows come with multi-point locking as standard.

HERITAGE WINDOW COLLECTION

BY SAPPHIRE WINDOWS

Your family is your world and protecting them is an instinctive part of our nature. Protecting our material possessions is also important, so its good to know feeling safe and secure in our homes is as simple as choosing the right doors and windows.

Deceuninck's superior build quality combined with high security hardware gives you that peace of mind.

Every effort has been made to ensure your new windows and doors keep both your home secure and any undesirable element out. To support this claim the Heritage range of products has achieved the following accreditation:

- PAS 24 Enhanced security performance requirements for doorsets and windows in the UK. Doorsets and windows intended to offer a level of security suitable for dwellings and other buildings exposed to comparable risk

A wooden door with a decorative metal handle is shown in the foreground. The handle is a dark, ornate metal piece with a scroll design. The door is set against a background of a house with a grey roof and light-colored walls, viewed through a window. The house has several windows and a chimney. The overall scene is bright and clear.

Heritage Glass Options

There are a wide range of glass effects from which you can choose to closely match the pattern you prefer. All our Heritage glass options are available toughened or laminated for your security and safety.

Leaded and Georgian

The design of your Heritage windows and doors have a big impact on the overall appearance of your home. Whatever the age of your property, the original windows and doors were designed to harmonise with it. So it's important to consider what will look right for the building when you replace them. The right design and look can preserve or enhance the value of your home.

Sightlines

Good window design extends to the symmetry of window sightlines. Equal sightlines add balance and harmony - creating the perfect stylish finish.

We are a Deceuninck Registered Installer

We will advise you on the choice of designs and accessories which will meet your requirements. Looking at colour samples will help you finalise your colour choice, and whether you are opting for a smooth or woodgrain finish. Also think about whether you would like the inside of your windows to be the same colour as the outside or whether to opt for white or oak inside to blend in with your internal decor.

On-site survey

Sapphire Windows will arrange a site survey at a mutually convenient time. This will allow for precise measurements to be taken as well as allowing you to confirm your choice of style and design to ensure that your bespoke windows are made to your satisfaction. Please take the time to ask any questions at this point and to make sure you are happy with the final design.

Processing your order

Sapphire Windows will keep in touch with you and let you know as soon as possible when your installation date will be. Between survey and installation* you can sit back and relax whilst your bespoke windows are manufactured and quality tested to ensure they meet our rigorous standards.

* You should always obtain consent from a planning/conservation officer before proceeding with an installation.

Taking care of your home

Our Installers are all expert craftsmen who will take care of your home and treat it with respect at all times. Removing existing windows and doors and replacing them with your stunning new ones will inevitably cause a certain amount of disruption. Your installer will always make sure any mess is kept to a minimum and that the doors and windows are fitted with the utmost skill and care. Packaging and waste will be removed and recycled where possible, leaving you to relax and enjoy your new beautiful windows, safe in the knowledge they're protected with a 10 year guarantee.
