COLLECTION

Beautifully crafted uPVC windows
and doors for every home.

WELCOME - CROESO

Sapphire Windows and Doors is a proud family-run business with a reputation built on quality workmanship, honest advice and exceptional customer care.

Established in 1989, we have been manufacturing and installing high-quality windows and doors for over three decades. Our experience, combined with modern manufacturing and installation techniques, allows us to deliver products that enhance the comfort, security and appearance of homes across South and West Wales.

As a FENSA-registered company, all installations meet current building regulations, and we provide a 10-year insurance-backed guarantee for complete peace of mind.

We have welcoming showrooms in Ammanford and Milford Haven, where customers can view our products up close and speak with our knowledgeable team for advice and inspiration.

We believe improving your home should be a smooth and reassuring experience. From your first enquiry through to installation and aftercare, our focus is on delivering outstanding service and results you will enjoy for years to come.

Many of our customers return to us or recommend us to family and friends - something we are incredibly proud of.

As a trusted local business, we combine modern, energy-efficient products with traditional values - reliability, transparency and pride in our work.

Our Process

From first enquiry to final installation - We make upgrading your windows and doors simple and stress-free

STEP 1

Initial enquiry - Contact our friendly team by phone, message or by visiting our showroom. We will discuss your requirements and answer any questions.

STEP 2

Free quotation - We provide a clear, no-obligation quote tailored to your home and preferences with transparent pricing. We always give you our best price the first time.

STEP 3

Home survey - Once you decide to proceed, we carry out a detailed survey to ensure precise measurements and a perfect fit.

STEP 4

Manufacture - Your windows and doors are manufactured in-house by our experienced, long-serving, in-house Sapphire fabricators.

STEP 5

Professional installation - Our fully trained in-house Sapphire installers complete your installation with care and attention, leaving your home clean and tidy.

STEP 6

Completion and payment - We only request payment once the work is complete and you are fully satisfied.

STEP 7

Aftercare - Our service continues after installation, and we are always here if you need advice or support. With our 10-year insurance-backed guarantee, you can enjoy complete peace of mind knowing your investment is protected for years to come.

OUR WINDOW COLLECTION

SAPPHIRE WINDOW & DOOR COLLECTION

When it comes to selecting the right products to enhance and protect your home, you want to be sure you're making the right choice. Beautiful, stylish, expertly made, our PVC-U Flush, Sculptured and Chamfered Sash windows and doors strike the perfect balance between energy efficiency, security and design.

Take a look and see which is right for your home...

FLUSH SASH

Flush casement windows are characterised by openers that close into the frame and finish flush with the face of the window to replicate timber style windows.

SCULPTURED SASH (Heritage 2800)

Sculptured Sash windows feature outward-opening sashes, which stand proud of the face of the window frame and are the more typical style found in houses today.

CHAMFERED SASH (Traditional 2500)

Similar to the Sculptured Sash window, the Chamfered features outward opening sashes, which stand proud of the face of the window frame and looks sharp yet subtle.

VERTICAL SLIDING SASH

Vertical sliding sash windows are characterised by two sashes that slide vertically within the frame, creating the classic appearance of traditional timber sash windows while offering the durability, energy efficiency and low maintenance of modern uPVC.

SAPPHIRE

COLLECTION

Beautifully crafted uPVC windows and doors for every home.

STYLE

The Sapphire Window and Door Collection combines the elegance and styling of traditional timber windows with all the benefits of PVC. They are virtually maintenance free, keeping the warmth in and unwelcome visitors out..

The collection is ideal for period properties and for those who want to add or restore character to their homes. With unique, unrivalled, aesthetics and sympathetic symmetrical design, a Heritage window or door will give a property perfect balance and harmony.

SECURITY

There's no compromise when it comes to security. The bespoke locking keep has a useful night vent locking position. Furthermore, all Heritage windows and doors can carry the Secured By Design badge of approval. Secured By Design is the a national UK crime prevention initiative, which helps protect you and your property for complete peace of mind.

Our wide range of modern, contemporary and period-style windows incorporate the latest built-in safety features, including internal glazing beads and multi-point locking systems.

To provide enhanced resistance to forced entry, our windows can be fitted with a hinge protector device between the frame and the sash opener. For doors the latest anti-bump, anti-snap, key locking cylinders can also be installed to further enhance performance.

What makes our windows so unique?

PERFORMANCE

To keep out the wind and rain, we use patented high-performance, multifunctional weatherseals. The airtight seal this creates helps to maintain your comfort inside your home.

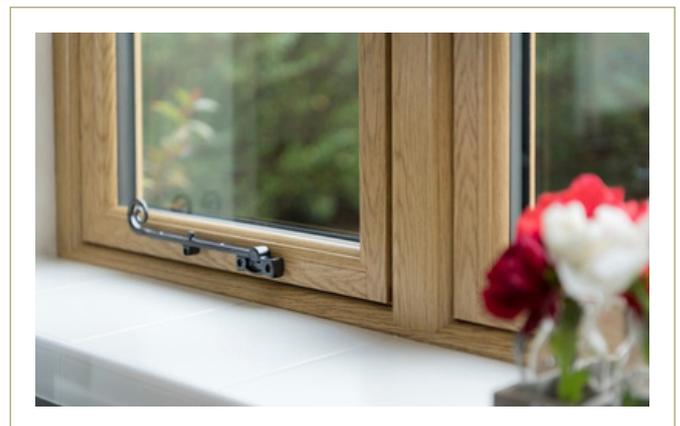

The Flush Sash dual seal is exceptionally watertight, with the added benefit of concealing any hardware. Any water that has found its way inside is quickly evacuated due to the intelligently designed integral drainage gutter.

CONSERVATION

Our windows look great in any surroundings, from country cottages to modern townhouses. Their subtle charm and elegance will transform your home.

If you live in a Conservation Area, home improvements such as replacing your windows and doors will require planning consent as there are strict guidelines to ensure that architectural features are preserved.

The Sapphire Window Collection has been designed with this in mind, replicating the appearance and style of traditional timber windows with features such as our authentic Wood Grain Finish, Monkey Tail Handles and Georgian Bar options. However, you should always obtain consent from a planning /conservation officer before proceeding with an installation.

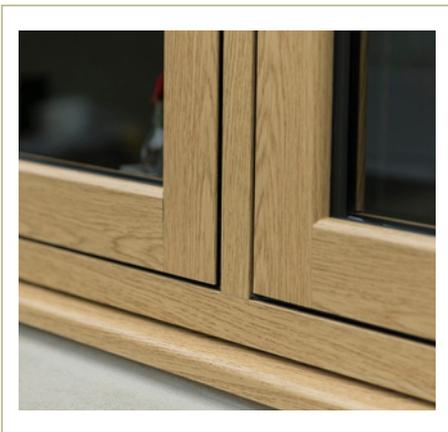

SAPPHIRE WINDOW & DOOR COLLECTION

FLUSH SASH WINDOW

Designed to replicate the appearance of timber, Flush Sash windows are distinguished by sashes that close into the frame and finish flush with the face of the window. Flush Sash windows typically have frames that appear the same width, known as 'equal sightlines' this look is achieved using dummy sashes, something that undoubtedly improves the overall appearance of your property.

SAPPHIRE WINDOW & DOOR COLLECTION

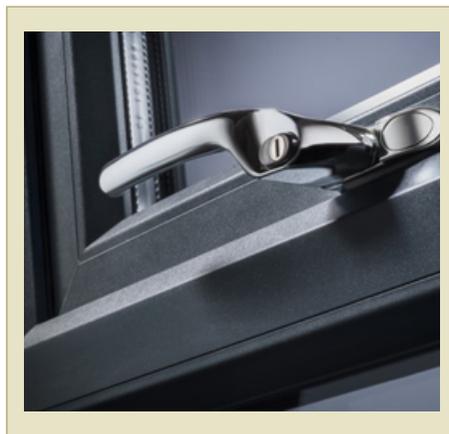

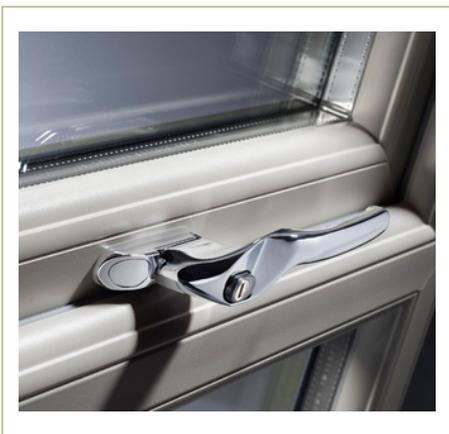

Sculptured

Chamfered

SCULPTURED & CHAMFERED SASH WINDOW

Sculptured and Chamfered Sash windows feature outward opening sashes which stand proud of the face of the window frame and are the more typical style used in homes you see today. For that period property look, both Sculptured and Chamfered Sash windows can also feature a dummy sash. This simple but effective upgrade to achieve 'equal sightlines' can really enhance the beauty of your home. See Page 42.

FLUSH SASH WINDOWS

FLUSH

SASH

BY SAPPHIRE

Flush Sash windows look great in any surrounding; modern townhouse or country cottage. They will retain their elegance while still functioning as a high quality window for many years to come.

Super Efficient

Compared with aluminium or wood, PVC-U windows are low maintenance, have better insulation values and are able to reduce energy and heating costs.

Perfect for Conservation

Flush external contours are in keeping with period properties and also meet the requirements of most conservation area officers. *Check with your planning/conservation officer.

Sound-Proof

Glazing options to maximise energy efficiency and/or sound proofing.

Safe and Secure

For total peace of mind, our Flush Sash windows come with multi-point locking as standard.

FLUSH

SASH

BY SAPPHIRE

Our windows and doors combine the elegance and style of traditional timber with all the benefits of PVC-U.

This range is ideal for those who wish to add or improve the period features to their homes. Its unique, unrivalled, aesthetic appeal makes this range the most attractive suite of windows and doors on the market today.

- ✓ Sleek slimline frames
- ✓ Dummy peg stay option
- ✓ Traditional butt or mitred joint

 - Wind Resistance - Class A3 1200 Pa
- ✓ Doorset energy rating A
- ✓ Double glazed Ud 1.3, triple glazed Ud 1.0
- ✓ 44 colourways from stock
- ✓ The ideal alternative to aluminium

SCULPTURED SASH WINDOWS

SCULPTURED SASH

BY SAPPHIRE

Sculptured Sash windows look great in any surroundings; their subtle charm and elegance transform the building like no other.

Super Efficient

Compared with aluminium or wood, PVC-U windows are low maintenance, have better insulation values and are able to reduce energy and heating costs.

Your Ideal Home

The Sculptured Sash sits perfectly in any property, whether it be a modern town house, a quaint country cottage or even a period home.

Sound-Proof

Glazing options to maximise energy efficiency and/or sound proofing.

Safe and Secure

For total peace of mind, our Sculptured windows come with multi-point locking as standard.

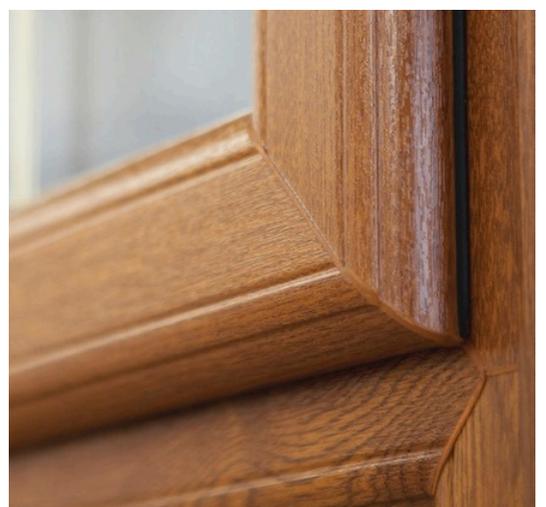

SCULPTURED SASH

BY SAPPHIRE

Our beautifully crafted Sculptured Sash windows feature outward-opening sashes that sit proud of the window frame, creating the classic style most commonly found in homes today.

This range is ideal for period properties and those who want to add character and enhance the appearance of their homes. The stunning and individual aesthetic of this range makes it a market leader.

- ✓ Smooth contours Traditional butt or mitred transom / mullion joint
- ✓ Unique optional horn sash
- ✓ Exquisite Georgian bar option
- ✓ Traditional ironmongery options
- ✓ High energy rating and weather performance
- ✓ Double or triple glazing available
- ✓ Low-maintenance PVC-U frames
- ✓ Available in a range of hand-picked woodgrain finishes and colours

CHAMFERED SASH WINDOWS

CHAMFERED

SASH

BY SAPPHIRE

The beautiful Chamfered shape adds a stylish elegance to both windows and doors, inside and out. Featuring outward opening sashes, which stand proud of the face of the window frame, the styling is sharp yet subtle.

The Chamfered contours integrate easily in all types of architecture and design with a range of colours and finishes that ensure you can find the perfect window for your home.

- ✓ Smooth and stylish frames
- ✓ Traditional butt or mitred transom / mullion joint
- ✓ Exquisite Georgian bar option
- ✓ Traditional ironmongery options
- ✓ High energy rating and weather performance
- ✓ Double or triple glazing available
- ✓ Low maintenance PVC-U frames
- ✓ Available in a range of hand-picked Heritage woodgrain finishes

SAPPHIRE WINDOW COLLECTION

CHAMFERED WINDOWS & DOOR

CHAMFERED IN ENGLISH OAK

VERTICAL SLIDING SASH WINDOWS

Vertical Sliding Sash

Say goodbye to draughts and broken sash cords. Say hello to pile-sealed frames and easy-to-operate balance mechanisms.

Sapphire Vertical Sliders are renowned in the industry for their faithful replication of timber sash styling and for their advanced features.

They include sashes that tilt inwards for ease of cleaning, child-safety catches, secure locking mechanisms and effective weatherseals.

Even better, and great news when you're replacing timber sashes, these windows are designed to achieve a Window Energy Rating (WER) of 'A+'.

If you're trying to match existing glazing, you'll love the options available with the Sapphire Vertical Slider. These include Georgian bars, sash horns and deep bottom rails as well as a wide choice of colours, cills and hardware.

Did you know?

Up to 18% of a home's heat loss occurs through windows.

Energy-efficient glazing helps keep warmth in and energy bills down.

Shaped Windows & Doors

If your home features an arched or circular opening - or something even more distinctive - we believe it should be glazed to complement the rest of your property.

Too many beautiful feature windows and doorways have been bricked up or poorly altered over the years, which is a real shame. Our shaped windows are manufactured to precise measurements, ensuring a perfect fit by our Sapphire in-house team, while preserving the architect's original vision and your home's unique character.

With our advanced systems, they deliver the same high levels of security, weather resistance and thermal performance as any standard window - without compromising on style.

DECORATIVE HORN

BY SAPPHIRE

The addition of a Decorative Horn detail to our window can recreate the look of a traditional box sash, but with modern acoustic and weather performance.

The Sculptured Decorative Horn is ideal for those who wish to improve the appearance of their period home.

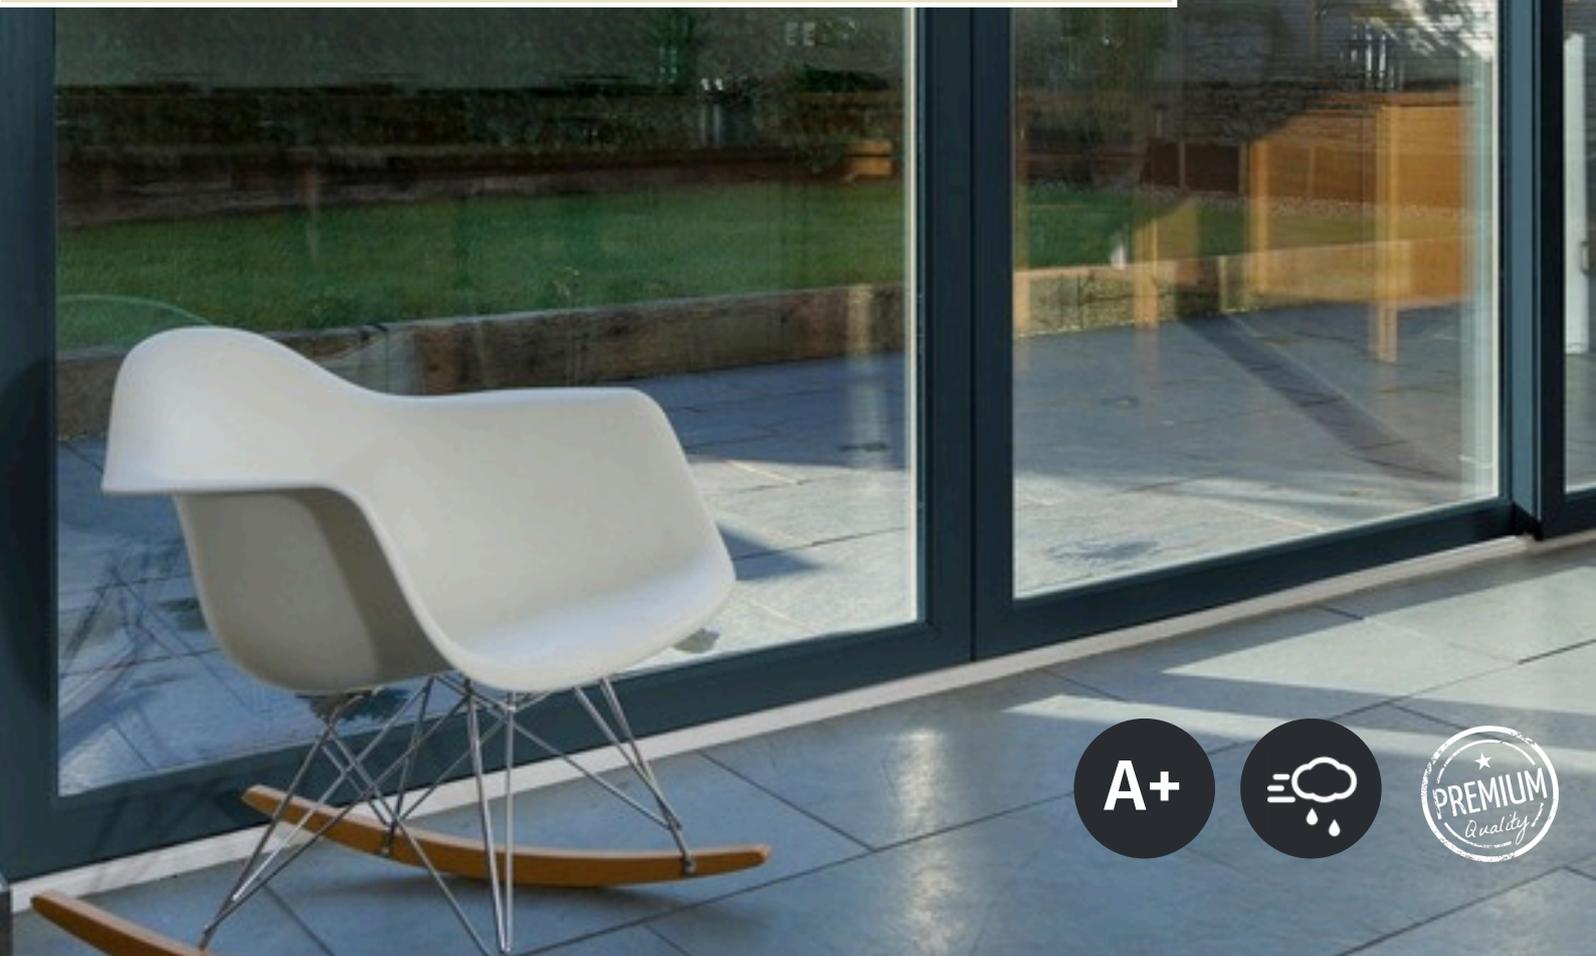

Its pure authentic 'run-through' style enhances the window, decorating it with a finishing touch that's almost seamless.

Despite its intricate design the unique two part moulding is very robust, borrowing its core design from our tried and tested Flush Sash mechanical joint.

Available from stock in all the Sculptured colours as pre-prepared, carefully assembled kits, the new Decorative Horn completes the Sapphire range.

SAPPHIRE DOORS

Smooth contours and stunning features; this elegant range of Sapphire doors and windows complements any shape or size of property.

Combining traditional aesthetics with the latest technology, its clean, simplistic design brings perfect balance and harmony to any home.

Our collection includes French doors, sliding patio doors and residential front and back doors, all manufactured to the same high standards of quality, security and performance - designed to suit both modern and period properties alike.

OUTSTANDING INSULATION

With its unique high-performance weatherseal and clever internal design, the Heritage door collection provides superb thermal insulation and soundproofing (with the correct glazing configuration). Designed for compliance with both today's and tomorrow's Building Regulations, the Sapphire Window Collection offers long-lasting benefits.

PROTECTION FROM ROGUE ELEMENTS

It's not just the weathering properties that make the Sapphire Window Collection an excellent choice. Its core design is compatible with the latest security specific hardware, making it a truly robust proposition to deter any game intruder.

French Doors

Crafted Around Your Home

At Sapphire, we manufacture our uPVC products in-house, giving you complete flexibility in design, finish and detail. Our French doors are not one-size-fits-all. They can be supplied in a clean, classic standard style - or fully tailored to suit the character of your home.

Whether you're enhancing a modern extension, complementing a traditional property, or creating a seamless link to your garden, we can design French doors that feel perfectly proportioned and beautifully integrated.

Designed Around You

- Made to measure
- Manufactured in-house for complete quality control
- Wide choice of colours and finishes
- Glazing options including decorative and privacy glass
- Hardware styles to match your aesthetic
- Side panels and top lights available
- Energy-efficient and secure by design

Because we control the manufacturing process, we can adjust sizes, panel layouts, glazing bar styles and opening configurations to create something truly bespoke - not just adapted.

From subtle and understated to bold and contemporary, your French doors will be built to complement your home, not compromise it.

Sliding Doors

Strength, Style & Smooth Operation

A unique sliding patio door designed to perfectly complement our beautiful windows in performance, style and colour.

Our sliding patio doors combine outstanding performance with sleek, contemporary design, creating a door that truly ticks every box.

With an A+ energy rating (double-glazed), exceptional weather performance and enhanced security features, they are built to perform in every season.

A low threshold option provides easy mobility and disabled access, making them as practical as they are stylish.

And as with all our products, they are backed by a 10-year guarantee for complete peace of mind.

Residential Doors

SAPPHIRE WINDOW & DOOR COLLECTION

BUILT AROUND YOU

Looking for a new front or back door? Whether your style is modern or traditional, we offer a wide range of designs, colours and glazing options to suit your home.

Our uPVC doors can be completely panelled, feature decorative glass, or designed with half, 3/4 or full glass panels - giving you complete flexibility over light, privacy and style.

The beauty of every uPVC door we make is that it is completely bespoke and tailored to you. Because we manufacture in-house, we can create doors in a wide range of shapes and sizes - including arched designs for church entrances, period properties or old school buildings. If you have something unique in mind, we love a challenge.

Manufactured in-house, every door is made to measure and tailored to your everyday needs - including popular additions like integrated cat flaps for back doors.

Secure, stylish and built around you

Energy Ratings and Weather Performance

The Sapphire Window & Door Collection combines the elegance and styling of traditional timber windows and doors with all the benefits of PVC. They are virtually maintenance free and keep the warmth in and unwelcome visitors out.

Our collection is ideal for both modern and period properties, and for those looking to add or restore character to their home. With its unique, unrivalled aesthetics and sympathetic, symmetrical design, it brings perfect balance and harmony to any property.

THERMAL PERFORMANCE (U-values)

Our window ranges are designed to deliver outstanding thermal efficiency, helping to retain heat, improve comfort and support lower energy usage within your home.

All styles offer excellent insulation across both double and triple glazing options.

Flush Sash Windows

Double-glazed: U-value of 1.2 W/m²K
Triple-glazed: U-value of 0.9 W/m²K

Chamfered and Sculptured Windows

Double-glazed: U-value of 1.3 W/m²K
Triple-glazed: U-value 0.89 W/m²K

Vertical Sliding Sash

Double-glazed: U-value of 1.4 W/m²K
Triple-glazed: Not applicable - the slim sash design is optimised for high-performance double glazing.

High-performance glazing and precision manufacturing ensure long-lasting insulation and year-round comfort.

BUILT TO WEATHER THE STORM

To keep out wind and rain, our windows use high-performance, multi-functional weather seals designed to provide outstanding protection against the elements.

The advanced sealing system creates an airtight barrier that helps maintain warmth and comfort inside your home while improving overall energy efficiency.

Our Flush Sash windows feature an exceptionally watertight dual-seal system, designed not only to enhance performance but also to discreetly conceal hardware for a clean, elegant finish.

An intelligently designed integral drainage system ensures that any water that may enter is quickly and efficiently channelled away, keeping your home protected in all weather conditions.

Protection and Security

Your home should be a place where you feel completely safe and secure. Protecting your family and your possessions is a priority for every homeowner, and choosing the right windows and doors plays an important role in achieving that peace of mind.

Sapphire's superior build quality, combined with high-security hardware and precision manufacturing, ensures your windows and doors are designed with safety at their core.

All of our products are manufactured using durable materials and reliable locking systems, helping to protect your home while maintaining the style and appearance you expect.

Every effort has been made to ensure your new windows and doors keep your home secure, comfortable and protected from the elements.

With quality construction and trusted components throughout, you can feel confident your home is in safe hands.

- ✓ High-security locking systems
- ✓ Strong, durable frames and hardware
- ✓ Toughened or laminated glass options available
- ✓ Manufactured and installed to high standards
- ✓ Designed for security and long-term reliability

Window & Door Hardware Range

Here you will find our carefully selected window and door hardware collection, designed to complement the style and performance of our products.

Within this section you will discover our standard hardware options for our Flush, Sculptured and Chamfered collections, as well as hardware specifically designed for our Vertical Sliding Sash windows and Residential doors.

For customers looking for something more distinctive, we also offer an extended collection through our trusted partners From The Anvil and Coast. Working closely with these premium hardware specialists allows us to provide a range of high-end finishes and designs, giving you even more choice when creating the perfect look for your home. Their most popular range are included here.

Take a look through the collection to explore the options available.

SAPPHIRE WINDOW & DOOR COLLECTION

Patented cover caps with colour coordinated finish

Perfectly matching components, even down to the smallest details

Connoisseur Handle

A classic design with a contemporary twist, the Connoisseur handle creates an elegant and stylish finishing touch for the Sapphire window collection.

Suitable for both left and right-hand opening windows, this key-locking handle combines practicality with refined design. Available in a range of colour options, it can be chosen to perfectly complement your windows and doors.

The Connoisseur handle is included as standard within the Sapphire window collection.

Window Hardware Range

Unique cranked design provides good clearance between the handle and the window

Teardrop Handle

The Teardrop Collection features a unique, traditionally inspired handle that pairs beautifully with the Sapphire window range. Ergonomically designed, the teardrop grip fits comfortably in the palm of your hand, combining classic style with everyday practicality.

Its elegant twist on the traditional handle shape makes it perfectly suited to our Flush, Sculptured and Chamfered sash windows, complementing a wide variety of rooms and interior styles.

Available in Antique Black and the patented Hardex finishes in Chrome, Graphite, and Gold, the Teardrop Collection offers both durability and timeless design, allowing you to choose the finish that best suits your home.

Extended Hardware Range

In addition to our standard hardware options, we offer eight additional collections from two of our trusted suppliers, From The Anvil and Coastal. We have partnered with them for the exceptional quality and craftsmanship of their products.

These hardware options are available across our full range, including uPVC, aluminium and timber, and are available at an additional cost.

From Llandrindod Wells, Wales 'From The Anvil' boast over twenty three years of experience.

Combining beauty with durability, expert Blacksmiths hand craft exquisite products by forging mild steel and hot forging brass to make one-of-a-kind ironmongery that will last a lifetime.

This is our super premium grade hardware.

Born on the rugged shores of Cornwall back in 2003, Coastal Group is a family owned business that specialises in the design and manufacture of precision-made hardware solutions for external doors and windows.

COLOUR COLLECTION

Sapphire Colour Collection

Our Sapphire colour collection has been specially designed to help you put together the perfect colour palette for your home.

Every home is different, and our beautiful range of colours takes its inspiration directly from nature to harmonise perfectly with your home and its surroundings, ensuring it stays looking good for years to come.

Our unique range of woodgrain foil colours are available in a number of colourways.

We offer an exciting selection of colour options across all of our uPVC products. Each range features its own carefully curated palette, so explore the product sections to discover the colours available for your chosen windows and doors.

- ❖ Beautiful authentic 'wood like' finishes
- ❖ Extremely durable A minimum 10 year manufacturer's guarantee
- ❖ Each colour has its own matching ancillaries, trims and accessories
- ❖ True aluminium alternatives

Included Colour Options

Our most popular colour choices are included within our standard range, offering stylish and timeless finishes to suit a wide variety of homes.

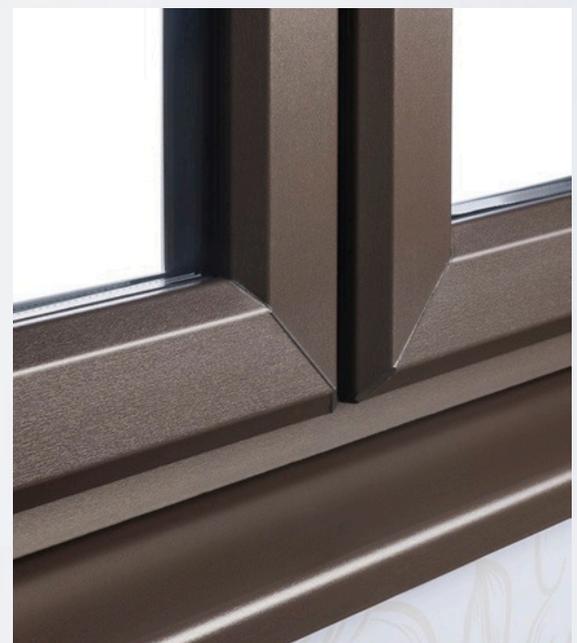

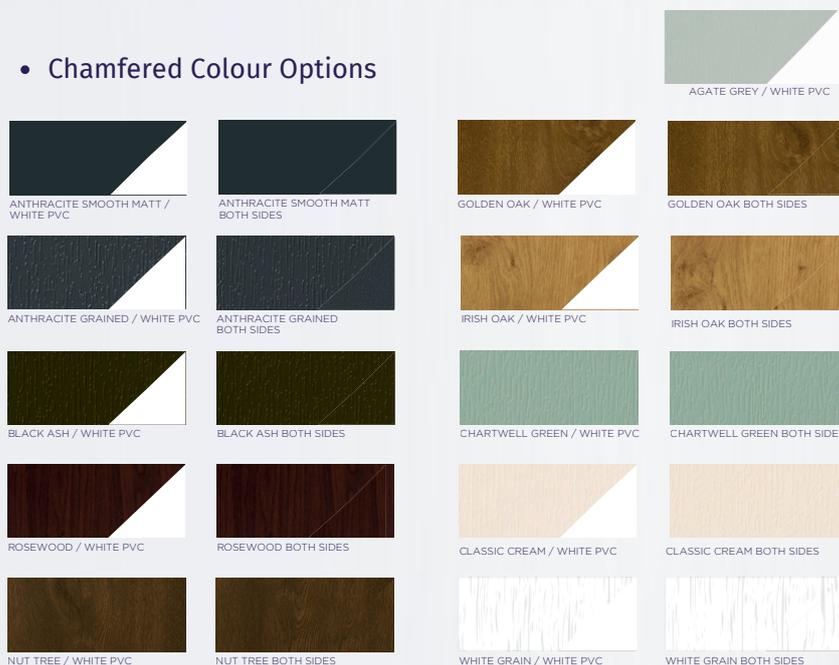

Choose from a carefully selected palette designed to provide the perfect balance of appearance, durability and low maintenance.

The colour options available across our different product ranges are shown below. Please note that colours can be selected for both the interior and exterior of your windows and doors. Many customers choose a coloured finish on the outside with white on the inside, allowing greater flexibility when updating interior décor over time. Others prefer colour inside their home as well, creating a more coordinated and distinctive finish throughout.

- Sculptured Sash (Heritage 2800)
- Flush Sash Windows & Doors
- Slider24
- Patio Door

• Chamfered Colour Options

Extended Colour Options

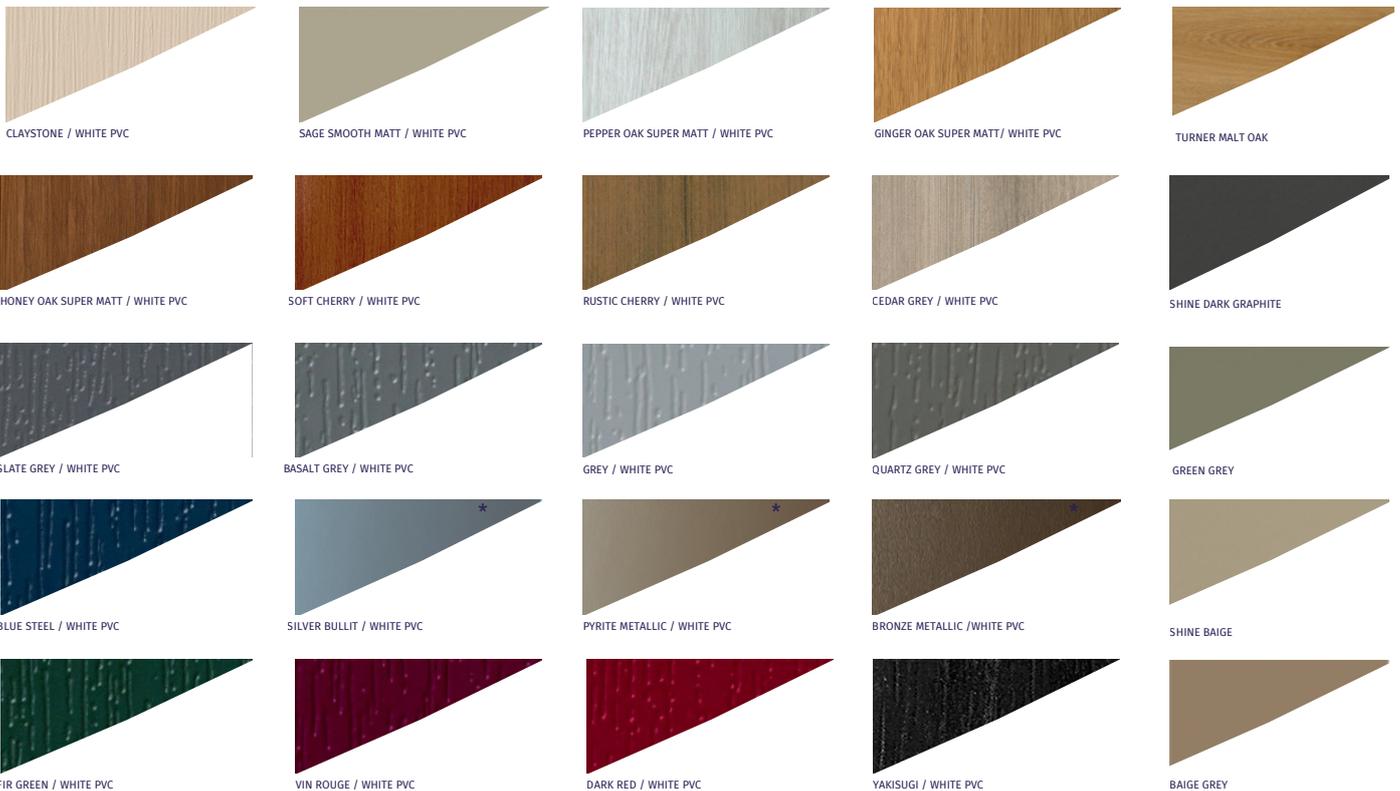

For those looking to create something more distinctive, we offer an extended range of additional colour finishes and authentic woodgrain effects

These finishes provide even greater flexibility to complement your home and allow you to create a more personalised look across our different product ranges.

Extended colour options are available either with colour externally and white internally, or colour on both sides for a fully coordinated finish.

Please note that lead times for dual-colour finishes (colour on both sides) may be longer.

Extended colour options are available at an additional cost. Please speak to our team for full details and samples.

Vertical Sliding Sash Colour Options

Our Sapphire Vertical Sash Sliders are available in a stunning range of colours and finishes, in addition to classic white. We use high-quality, durable foils that are permanently bonded to the profiles, designed to resist fading, peeling and splitting for years to come.

If you love colour or the authentic look of wood but prefer a low-maintenance solution, our finishes offer the perfect balance. From subtle greys and heritage creams to bold blacks and natural greens, you can choose a shade that complements your home's character, age and surroundings - creating a look that is uniquely yours.

Please note: some colour options are shared across our ranges; however, others are exclusive to each system. The Vertical Sash Slider collection has its own specific colour palette, which differs in part from our Flush Sash, Sculptured and Chamfered ranges. The colours listed in this section apply exclusively to our Vertical Sash Sliders.

Available on a white base. For non-white base please check for availability. *Premium Plus

Options

Personalise your Vertical Sash Sliders with a choice of traditional sash horns, arched heads or Georgian bars to suit the style of your property.

Select from a range of handle shapes and finishes to coordinate with your frames and interior décor.

You can also enhance your windows with leaded, coloured, patterned or etched glass for added character and privacy.

Our team will be happy to guide you through the available options and show you samples, helping you create a design that perfectly suits your home.

Glass Options

There is a wide range of glass effects from which you can choose to closely match the pattern you prefer. All our glass options are available toughened or laminated for your security and safety.

Leaded and Georgian

The design of your new Sapphire windows and doors have a big impact on the overall appearance of your home. Whatever the age of your property, the original windows and doors were designed to harmonise with it. So it's important to consider what will look right for the building when you replace them. The right design and look can preserve or enhance the value of your home.

- All options are available toughened or laminated for enhanced safety and security, and are suitable for both double and triple glazing.
- Available in 4mm thickness.

ABOUT US

Crafted with Care. Installed with precision.

All of our uPVC windows and doors are manufactured in-house using high-quality materials and modern production techniques. Our experienced fabricators take pride in every product we produce, ensuring each frame is built to last and finished to the highest standard.

By manufacturing in-house, we maintain full control over quality, accuracy and finish.

Our fully trained installation teams are employed directly by us and carry out every installation with professionalism and care. We treat your home with respect and ensure all work is completed cleanly, safely and to the highest standard. From manufacture to expert installation, your home is in trusted hands.

Taking care of your home

Our in-house Installers are all expert craftsmen who will take care of your home and treat it with respect at all times.

Removing existing windows and doors and replacing them with your stunning new ones will inevitably cause a certain amount of disruption. Your installer will always make sure any mess is kept to a minimum and that the doors and windows are fitted with the utmost skill and care. Packaging and waste will be removed and recycled where possible, leaving you to relax and enjoy your new beautiful windows, safe in the knowledge they're protected with a 10 year guarantee.

Sustainability matters

We believe improving your home should not come at the expense of the environment.

That is why we carefully select energy-efficient products designed to improve insulation, reduce heat loss and lower energy consumption.

We are also committed to responsible waste management. All materials removed during installation are separated and recycled wherever possible, and we are proud to work with trusted partners to ensure that none of our recyclable waste goes to landfill.

By combining high-quality products with responsible practices, we aim to deliver improvements that benefit both your home and the wider environment.

Finance options available

Improving your home should feel exciting - not overwhelming. That is why we offer flexible finance options to help make upgrading your windows and doors more affordable.

Finance options available through our trusted partner, Phoenix Finance.

- Russell Shaun Matthews t/a Sapphire Windows & Doors is an Introducer Appointed Representative (Financial Services Register No. 928334) of Phoenix Financial Consultants Limited (Phoenix). Phoenix is a credit broker, not a lender. Phoenix is authorised and regulated by the Financial Conduct Authority (FRN: 539195), and offers finance from its panel of lenders. All finance subject to status and credit checks. © 2025, Sapphire Windows & Doors.

A reputation built on trust

We understand that choosing new windows and doors is an important investment. That is why we focus on delivering quality products, professional installation and excellent customer care every step of the way.

Our customers choose Sapphire Windows and Doors because we offer:

- High-quality products manufactured in-house
- Professional installation by trained teams
- Honest advice and transparent pricing
- Respect for your home
- Reliable service and timescales
- Ongoing customer support

We are proud of our 5-star reputation and the number of customers who return to us or recommend us to others.

With decades of experience and a commitment to quality, you can feel confident choosing Sapphire.

Whether you are replacing a single window or transforming your entire property, our team is here to help.

Compare Before You Decide

Whether you choose Sapphire Windows and Doors or another provider, selecting the right company is just as important as choosing the right products.

Use this checklist to help you compare and make the right decision for your home.

Feature or What to Look For	Sapphire Windows & Doors	Company 1	Company 2
Established, experienced company (Est. 1989)	✓		
Trusted local, family-run business	✓		
Showrooms you can visit to view products	✓		
FENSA registered installer	✓		
Written 10-year insurance-backed guarantee	✓		
Manufactured in-house	✓		
Fully trained in-house installers (no subcontractors)	✓		
Detailed home survey before manufacture	✓		
High-quality hardware and internal components	✓		
Clear installation timescales provided	✓		
Transparent quotations with no hidden costs	✓		
No deposit required - payment on completion	✓		
Finance options available	✓		
Energy-efficient products	✓		
Ongoing aftercare and support	✓		
Responsible recycling of old materials	✓		
Strong local reputation and customer reviews	✓		

We hope you find this checklist helpful when comparing companies and choosing the right installer for your home.
